

SUFFRAGE FIGHT ASSUMES NEW PHASE

Fight In Southern State Not Yet Ended, According To Reports

(By Associated Press)
Nashville, Tenn., Aug. 13.—Suffragists won another preliminary victory in the legislature today when a motion to table the minority report urging no action on the ratification of the federal suffrage amendment, was tabled in the Senate today by a vote of 23 to 10.

It was the first definite indication of the strength of the opposing forces. Seventeen votes were necessary for ratification in the Senate. Both galleries and the floor were crowded with spectators when the session began today with the prospect of at least two hours debate.

BRITISH OPPOSE POLISH ASSISTANCE

(By Associated Press)
London, Aug. 13.—Opposition of British labor to assistance in the war against Soviet Russia, was voiced today with extraordinary vehemence and absolute unanimity at a special conference here.

All workers' resolution adopted "hailed with satisfaction the Russian government's declaration in favor of complete independence in Poland," and pledged the British-Labor party to resist any form of military intervention against Soviet Russia.

THE DUNCANNON DISTRICT LOOMS UP

The Duncannon district, which has heretofore not been recognized as a very extensive tobacco growing territory, owing to the fact that the landowners have not largely dealt in the raising of the weed, promises to come in for its own this season, since it is estimated that three times the acreage of any past year is being devoted to the popular product this season.

The result is that there are many new buildings in the way of tobacco sheds and some very good tobacco barns being built.

The record for the district, beginning on the J. C. Mason farm, two miles east of the city, last year was out of the ordinary, and there are many more acres to attract this year.

There is an elegant new barn being constructed there to care for the crop after it has been grown. Another new building is on the Thomas Black farm to the east of the Mason farm and this is expected to house a great quantity of tobacco this year, since there are several acres of very promising tobacco. This territory last year produced some of the best tobacco to be found in this part of the state. On the Thomas and Howard Chenault farms are scenes of considerable new building, since new barns are being erected there, and they have a large acreage of tobacco also. There are but a few of those representing this district this year. The building has been hampered by the scarcity of lumber.

Plan Demonstration In Behalf of Poland

New York, Aug. 13.—Almost 3,000,000 American citizens of Polish birth or extraction, have been asked to take part in a nationwide demonstration next Sunday in 150 cities to express gratefulness to the United States for its policy toward Poland. It was announced here today by the American Committee for the Defense of Poland.

American Flier Off For Part In Big Race

Dayton, O., Aug. 13.—The airplane that he will pilot in the Gordon Bennett race in France next month having been sent to New York for shipment to Europe, Capt. R. W. Schroeder left for that city last night. Mrs. Schroeder accompanied him and expects to see her husband win the international trophy.

Mrs. Edna Marion, 45, Detroit, told the police when they found a number of "cases of quarts" at her home, that she drank on an average of five bottles a day, adding "I am very fond of liquor."

The mayor of Cork, Ireland, was arrested when found at a meeting of Sinn Feiners.

WEATHER FOR KENTUCKY

Thundershowers probably tonight and Saturday; not much change in temperature.

TODAY'S LIVESTOCK MARKETS

Cincinnati, August 13.—Good cattle steady; others slow; hogs steady; Chicago 25c. higher.

Louisville, Ky., August 13.—Cattle 300; slow; unchanged; hogs 809; active; unchanged; sheep 1300; lower; \$6.50 down; lambs unchanged.

PARALYSIS FATAL TO JAMES DEERING

James Deering, of Covington, passed away Thursday morning in the Covington infirmary, where he suffered a stroke of paralysis several days ago. Mr. Deering was an old citizen of Madison county and is well known by many here. He was a member of the Methodist church at Red House, where he lived for several years before moving to Covington. Funeral services will be held at the Red House Methodist church Saturday morning at 11:30 o'clock, and the body will be interred in the Richmond cemetery. Mr. Deering leaves a wife and five children, as follows: James, Grover and Thomas Deering, of Covington, and Walter and Charles Deering, of Richmond, and a daughter, Mrs. C. W. Davis, of near Richmond. Mr. Deering was 76 years old.

GIRLS PLAN CAMP ALONG THE KENTUCKY

Miss Mary DeWitt Snyder and Miss Sarah Blanding, representing the New Haven Normal School of Gymnastics, were in Richmond Friday in the interest of the annual outing which will be in the way of an organized floating camp to be conducted from August 18 to September 1 by the graduates of the school.

The campers will leave Clay's Ferry on a large covered barge and launch and return to the camp after a river trip of more than 160 miles through the beautiful and picturesque scenery along the Kentucky river. It is expected that a large number of young women from this city will take advantage of the opportunity to make the trip and enjoy the outing, since the young women here came for the purpose of soliciting any patrons who might desire to go. There will be accommodations for a limited number and applications will be received by the young women at New Haven until August 16. According to the plans, there will be horse back riding through the hills and valleys near the camp and the patrons will be given every comfort possible and entertained royally, since this will be one of the features of the outing and has been given and the patrons will be given every head of the organization. There will be rifle shooting, swimming, boating, and the athletic councilors have prepared a program that promises to keep all busy during the camp period.

W. R. PARKE FUNERAL

Funeral services for W. R. Parke, who died Thursday morning at the home of his parents, Mr. and Mrs. J. R. Parke, Hallie-Irvine street, after a lingering illness, were held from the residence Friday morning at 10 o'clock. Interment in the Richmond cemetery. The pallbearers were: Alex Turpin, Andrew Turpin, Russell Parke, Gilbert Parke, C. B. Parke and Robert Benton.

NEW PAINT LICK PRINCIPAL

Prof. E. L. West, of Tusculum, Ala., has just recently been appointed and has accepted the principalship of the Paint Lick Consolidated Schools. He comes highly recommended as a teacher.

MARRIAGE LICENSES

Marriage licenses have been issued to the following at the Madison county clerk's office: William Eversole, 52, farmer, of Valley View, and Minnie Guess, 45, of White Hall; Collins Isaacs, 21, White Hall, and Bertie Bringer, 16, Richmond, daughter of Mr. and Mrs. William Bringer; John Walter McNelby, 28, Rockford, and Mary Smith, 23, Berea; George Renfrow, 27, Valley View, and Sarah Kelly, 22, Cuzick.

Mrs. J. L. Brinkham killed her husband in Milwaukee, claiming she loved him so greatly she could not bear to have another come between them.

Sixty college girls in and about Boston are spending the time telling historical stories to children on the streets.

BARKLEY TO SPEAK HERE AUGUST 21

Presidential Fight To Be Opened In Madison County By Brilliant Congressman

The presidential campaign in Madison county will be opened Saturday, August 21, when Congressman Alben W. Barkley, of Paducah, will speak on behalf of Cox, Roosevelt and Gilbert.

Congressman Barkley made a great speech during the last state campaign here, and delighted a big assemblage. That he will be greeted by a great throng when he comes to Richmond again goes without saying. He is a magnetic and eloquent speaker and gives the boys the gospel of old-fashioned democracy in a way that pleases everyone. He has played a big part in national affairs at Washington, and is one of the leaders in the Kentucky congressional delegation.

ASSOCIATION OF BAPTISTS MEETING

The meeting of the Tate's Creek Association will be a two-day affair at Mt. Tabor Baptist church, Paint Lick August 24-25, for which occasion there has been an extensive program arranged. The meeting will be called to order by Moderator Elvada Tudor, of Richmond, and there promises to be considerable business for Clerk A. T. Ross, of Georgetown. There will be reports from the various churches representing the association relative to the 75 million dollar campaign fund being created, and according to advanced reports, there will be a creditable showing by the association for this section of the state. The quota for Kentucky is large, but the big corps of workers feel assured the state will not be delinquent in the important work. There will be reports concerning the collection of this fund here and the amount raised by the various churches. Mr. Edward Feathergill, of Berea, treasurer of the association, will also lecture regarding the progress of the work in this vicinity. Rev. O. O. Green of Richmond, chairman of the executive committee, will tender a report on and deliver a talk about the great fund which is to revolutionize this denomination throughout the country.

The meeting will be replete with reports of various natures and discussions relative to the business of the church, according to the program, which will be found in another column.

ARMY OF WORKMEN STOPPED BY RAIN

The frequent rains, which have been a boon to farmers, have stopped an army of workmen, since the extensive improvement and construction in general throughout Madison county, and it is extensive, has been held up the second week passing without any perceptible progress being made.

The street work in the city is but one of the numerous improvement jobs interfered with, since there are many tobacco barns in Madison county under course of construction, which, owing to the difficulty in securing lumber, may not be finished until time for cutting tobacco. It is estimated that two scores of large tobacco barns are now being built in Madison county. Many of the structures are but half finished, owing to the interference of the weather and difficulty in securing material even at the high prices.

The numerous road improvement jobs, which it was hoped would be completed within the next six weeks, to insure good weather and the completion before the arrival of cold weather, are not being touched this week, the condition of the roads making this impossible. The workmen have returned to the city and are taking a forced vacation. However, they hope to be able to resume work soon. County Road Engineer Baxter is becoming concerned over the delay owing to the weather, since it was expected to have had a number of the highways needing but little work finished by this time.

Louisville is experiencing many visits of thieves whose loot consists chiefly of diamonds and silk shirts.

A new clew is said to have been obtained in the Coughlin kidnaping case.

Number of Richmond Masons attend meeting at Union City of lodge there, where special work is conferred upon a number of candidates.

FRANCE AND AMERICA ARE IN COMPLETE ACCORD

(By Associated Press)
Paris, August 13.—The French government is sending a note to the United States expressing pleasure that the French and American views on the Russo-Polish situation are "in complete accord," it was learned here today.

PAINT LICK GIRL DEAD

Relatives and friends will regret to hear of the death of Miss Vedda Ballard Williams at Asheville, N. C., on Wednesday morning, August 11, after an illness of several months of tuberculosis. She was 14 years of age and the daughter of Mr. and Mrs. Edd Williams, of Paint Lick. Mr. Williams and family have been in Asheville for several weeks, hoping that a change of climate would benefit the daughter, but to no avail. Besides her parents and two sisters, Misses Willie and Norma Price Williams, she is survived by many relatives and friends who will mourn the loss of one so young and one whose life was so full of promise.

CONSUMPTION OF GASOLINE GREATER

During the month of July 276,000 gallons of gasoline were required for operating the motor vehicles of Madison county, this being the greatest amount in the history of the city, as far as is known, and the report shows a decided increase over the month of June, when the first strict was kept, owing to the new law. The report, rendered by County Clerk Jennings Maupin is to the effect that a material increase will be shown; however, it is believed that a number of dealers have thus far failed to account for all gasoline they have been credited with. The matter is attracting the attention of state officials and it is very evident that there will be an investigation made with the result that prosecution will follow, since the violation of the law marks a very flagrant and dangerous proceeding. The matter of collecting the tax due the state for its sale is not up to the county officials as many may suppose. It is up to the wholesaler, and in case he fails to make a proper report, or any report at all, he is the one taking the chances.

In some localities, and Madison county is said to be no exception, there are failures to report the volume of business done in the way of gasoline sales. Just what course the state will pursue regarding this alleged violation of the law is not known, but it is hinted the movement incident to an investigation has been under way for some time and the first of the reported tardy dealers will know will be the fact they will be apprised of their shortcoming by some state sleuth.

AMERICAN LEGION NEWS

With the report of Robert H. Tyndall, the national treasurer, showing its debt as having gone down at a rate of nearly \$1,000 a day for five months the American Legion will be clear of financial obligations by January 1, 1921, should that rate be continued. In the period between January 31 and June 30 the deficit was cut from \$343,648 to \$197,214, a total reduction of \$146,433, or almost \$30.00 a month.

Rev. William A. Hale, Dayton, O., pastor, in 1908 predicted the election to the presidency of Governor Cox.

William H. Moyer, New York, new warden at the Kentucky reformatory, has assumed his duties at that institution.

A recount has been decided upon to determine correctly the result of the Ohio primary, according to reports.

BIG HOOSIER GAIN

Washington, August 13.—Official figures announced yesterday by the census department show Marion county, Indiana, which contains Indianapolis, to have a population of 346,061. This is an increase of 84,400 over the 1910 census, a gain of 32 per cent.

BODY OF CYNTHIANA SOLDIER IS CREMATED

Cynthiana, Ky., August 13.—The body of Willie Gardner, soldier, who was accidentally killed while with the army of occupation in Coblenz, Germany, last August, was buried in the P. thian Grove cemetery at Berry, on Thursday. He was the only son of Mr. and Mrs. George Gardner, of Keate. The funeral was conducted at Benson church with military honors by Stephen D. Whalen Post, American Legion.

GOT BOOZE FOR SICK WOMAN

Frankfort, Ky., August 21.—Governor Morrow remitted the ten-day jail sentence of T. J. Hale, convicted in Knox county of furnishing liquor to another. The governor said the fact showed Hale procured a quart of liquor for a friend whose wife was ill, that he is a man of good reputation, and never was accused of bootlegging before. He has paid a fine of \$100 in the state court and \$100 in the federal court.

Robert Walker, one of the judges at the Leroy, Ill., fair, reports a big attendance and some mighty fine "hosses."

Number of Richmond Masons attend meeting at Union City of lodge there, where special work is conferred upon a number of candidates.

SHIPPERS DODGE FREIGHT INCREASE

Fur Caps and Rubber Boots, Overcoats and All Rushed To Purchaser

Look and you may be able to see your winter fur cap or hip boots at the store, since there are shipments of winter wear galore arriving every day, and they promise to continue. One would think this was in the Arctic circle by the character of fall and winter goods arriving, but the warning has been sent out, and the freight rates are going up—that's the reason.

There has not been a time in years, that railway freight has been as extensive as at present, and it is said to be due to the fact that thousands of purchasers of merchandise especially with the exception of the way period, who have ordered goods for later delivery, are receiving it now. There is a general disposition upon the part of the manufacturers also, who want to dodge the extra cost of shipping, which will be in evidence within a few weeks, and it is also upon their part that the goods are being shipped for the full trade at an earlier period than usual. It is said that local shipments from various parts of the country are already as great as can be accommodated, but there is an unprecedented rush on that bids fair to equal that on bargain days at the ribbon counter.

"Get in before the advance" seems to be the slogan, and many merchants who ordered goods for fall delivery are not only receiving the bills, but are being informed that all shipments made immediately will be important, both to the receiver and producer. This is an evident fact when the sharp advance in shipping rates of the railways is given consideration. The freight yards are scenes of unusual activity, and it is the belief of railway men that the rush has not reached its zenith, since there are almost two weeks in which to make deliveries at the present rate. Merchants, as a result, are beginning to arrange for the acceptance of the stocks for fall and winter, which they have been informed, will be forthcoming now at any time.

Apparently not a bit superstitious, but "tough luck," was the ultimatum of a man, who gave his age as 24, accompanied by a winsome girl, apparently 12 or 14, wearing a short dress, claiming Augusta as her home, when the final decree was handed down by County Clerk Jennings Maupin, the point of issue being a marriage.

NICHOLASVILLE LOSES

(By Associated Press)
Washington, D. C., Aug. 13.—The population of Nicholasville, as shown in the 1920 census is 2,786, a decrease of 139 in 10 years, or 5.1 per cent.

KENTUCKIANS WORKING PLAN TO PROCURE COAL

Mine operators are not agreed as to whether Kentucky manufacturers ought to buy coal now, regardless of price, or hold off for a possible future reduction, according to a bulletin sent out yesterday to members of the Kentucky Manufacturers' Association by C. C. Ousley.

Louisville, according to one operator, should depend on Western Kentucky at present, as far as possible, as its source of supply. This, he said, is because Eastern Kentucky coal is in "frantic demand by steel and automobile plants."

Furniture workers' strike which has been on at Evansville for several months, is booked to end with a settlement this week.

Emery Titman, Atlantic City, weighing 673, went to work in the steam room in a laundry and reduced 275 pounds in seven months.

J. W. Rice, one of the owners of the Cynthiana planing mills, has been married to Miss Ruby Robbins, nurse in a hospital there.

PROGRAM

2:45—District Missions: Evangelism—Rev. E. L. Mitchell. The Enlistment Phase of Our Work. Rev. F. A. Bone.

3:45—Report on State Missions—Mr. W. S. Cash. Discussion led by Rev. R. D. Martin.

—Afternoon—

2:00—Devotional Service—Rev. I. W. Manly.
2:15—Meeting of Executive Board—Report of Treasurer and Committee on Destitution.

LOCAL COAL CAR SUPPLY SITUATION NOW BETTER

Lexington, Ky., August 13.—Agents here of the Louisville & Nashville and Chesapeake & Ohio railroads say that the coal car supply is rapidly becoming better in the Kentucky field. The situation was reported as especially good in the section reached by the L. & N., it being stated that mines have a full supply now. The Southern agent here said conditions surrounding a car shortage were becoming critical on his line again.

CUPID THWARTED; LICENSE REFUSED

In a downpour, the day being Friday, the 13th, the next number on the marriage license docket 113, the couple appeared undaunted. Deputy County Clerk Rodes Terrill took in the situation at once, and then exercised a little diplomacy, and spared for time. She presented a note said to have been from her father, which was doubted, as was her statement regarding her age, which she gave as 21. County Clerk Maupin came to the rescue, and refused to issue the certificate. "If that girl is over 12, I'm a hundred," soliloquized Deputy Clerk Terrill, as the disappointed couple left the office. "Tough luck," reiterated the disappointed groom-to-be.

THE FEDERAL BOARD OF VOCATIONAL EDUCATION HAS HAD A REPRESENTATIVE HERE WHO WILL ALSO ASSIST IN ARRANGING FOR QUARTERING THE MEN.

AN IMMENSE GASER BROUGHT IN NEAR GLASGOW

A big gas well has been reported from south of Glasgow, in Barren county, at a depth of 77 feet. The well was estimated at 50,000,000 feet when it came in. It is said that the roar of gas could be heard for ten miles, the force being so strong that the tools, weighing more than 2,000 pounds, were shot far above the drill mast, the bit has not yet been found, and there was a crack in the ground around the well an inch wide.

Babe Ruth's salary is approximately \$22,000 a year, averaging \$125 a minute from the time the umpire calls the time until the close of the game.

Harvey Johnson, 19, known as the "Yankee Kid," of Louisville, who ran away and joined the British navy and did other unusual stunts, is being held by the authorities in an eastern Pennsylvania city on suspicion.

NOTED ATHLETES WILL STIMULATE AND INCREASE ATHLETIC WORK AT INSTITUTIONS

According to present indications, there will be at least 40 disabled ex-service men at Eastern Normal during the next term and some of them comprise some of the most noted athletes to be found and this, according to the opinion of Prof. G. M. Hembree, new athletic director, will prove some of the best material ever in the ranks at the institution. The new law giving the ex-service men the free features connected with the study may bring even a greater number of soldiers and sailors to the city and plans are being made for housing them now. Conferences have been held with Mr. Stone Normal, in charge of the local Red Cross department who has promised every assistance in placing the men during the school term. Some of them are said to have enviable reputations in the army during the recent war, and their instruction and general participation in the athletic work at the school is expected to be highly beneficial and bring the standard of sports to a higher degree than was ever before attained.

Prof. Hembree, who will have charge of the work, has arrived in Richmond for a stay to acquaint himself with the situation. He will map out his line of work for the year later, and it is believed, according to his recommendations, that there will be a decided stimulus in the way of new sports introduced. Mr. Hembree, who succeeds Prof. C. F. McCoy, comes recommended very highly. The latter has accepted a position as athletic director at the city schools of Knoxville, Tenn., and will soon report there to begin his duties.

THE FEDERAL BOARD OF VOCATIONAL EDUCATION HAS HAD A REPRESENTATIVE HERE WHO WILL ALSO ASSIST IN ARRANGING FOR QUARTERING THE MEN.

The federal board of vocational education has had a representative here who will also assist in arranging for quartering the men.

SOCIAL AND PERSONAL

Dinner Party

Mr. and Mrs. Elmer Tate, Mr. and Mrs. W. P. Williams and Col. S. S. Greecius, of Irvine, were dinner guests of Mr. and Mrs. H. de B. Forbes Wednesday evening.

Miss Mabel Dudley is visiting relatives in Lexington.

Mrs. William Goshy is quite ill at her home near Red House.

Mr. Robert Watts, of Winchester, was a visitor here this week.

Miss Jamie Bronston has been visiting Mrs. D. W. White at Paint Lick.

Mrs. Alma Gentry is visiting Mr. and Mrs. E. R. Broadbush in Winchester.

Mr. B. K. Duncan, of Irvine, spent the week-end with Mrs. B. K. Duncan and son.

Miss Bessie White is assisting Miss Thelma Simpson with her school at Gunt's Chapel.

Miss Annabelle Ward and her brother motored to Cincinnati last Thursday on business.

day on business.

Mr. Clay Herrick, of Cleveland, is the guest of his mother, Mrs. Mary B. Clay, and other relatives here.

Mrs. Edward Babbitt, of Cincinnati, is the guest of Miss Annabelle Ward at her home on New Broadway.

Mrs. W. W. Burnside and children, of Newellton, La., will arrive Saturday to visit Mrs. James Burnside.

Mrs. Smith Oldham has returned from Knoxville, Tenn., after a pleasant visit to her sister, Mrs. Roy Newman.

Mrs. Denny and Miss Lucille Eubank, of Clark county, are visiting Miss Louise Turpin on the Red House pike.

Miss Margaret Turpin, of Dayton, O., is visiting her grandparents, Judge and Mrs. N. B. Turpin, on Woodland avenue.

Misses Pansy and Lee and James Hill, of Nicholasville, are visiting Miss Thelma Taylor on West Main street.

Mr. and Mrs. W. N. Kinser and daughter, Miss Georgia Shannon Kinser, are visiting relatives and friends in Shelbyville.

Mr. John F. White, of Nicholasville, spent last week with his daughter, Mrs. R. G. Woods, at Paint Lick, and attended the Berea fair.

Misses Marie and Beulah Lefford and Faye Ward, of Paint Lick, were in Richmond this week. They were attractive guests of Mr. and Mrs. S. N. Mohrley.

Major F. M. Davison and wife, of Paint Lick, were called to Chicago last Thursday by the illness of his grandmother. They will be gone about a week.

Mr. Will Goodloe, of Paris; Hon. William Jennings Price, of Panama; Mr. and Mrs. Herbert Price, of Danville, visited Miss Jean Lackey, who has been ill for a week.—Lancaster Record.

Douglas Chenault spent several days this week at the Perryville fair, where Edgar Doty is showing his crack young saddle horse. His father, T. D. Chenault, Jr., went as far as Danville with him and visited Monte Fox.

Mr. R. G. Farris, of Danville, was over Thursday with Mr. Bennett Chenault, with whom he was formerly associated on the Canal Zone. Mr. Chenault is receiving a warm welcome from his many friends at his old home here.

Miss Annabelle Ward will entertain with a six o'clock luncheon next Tuesday in honor of her guests, Mrs. E. Babbitt, of Cincinnati; Mrs. Walter Waddell, of Norwood, O., and Miss

Margaret Becker, of Walnut Hills, O. Mr. H. L. Dargavell, of this city, returned from Million Wednesday, where he was called to the bedside of his brother, Mr. Tom Dargavell, who is a sufferer from bright's disease. The attending physicians give out little hope for his recovery.

Miss Rose Pearlman, who has been spending the summer with her parents, Mr. and Mrs. J. Pearlman, of First street, has returned from a ten days' visit with friends in Pineville, Harrodsburg and various cities in Tennessee. Miss Pearlman will remain here until the first of the month when she will return to Louisville.

Mrs. Nannie Martin is visiting her son, Chaff, in Baltimore, Md.

Mr. and Mrs. Jack Dood, of Lexington, have been guests of Miss Maggie Mitchell.

Mrs. A. W. Weigel and daughter, of Louisville, returned home Wednesday after a visit to Miss Catherine Devore.

Miss Catherine Devore spent Wednesday in Lexington.

Mr. B. F. Gabby and son, Harold, have returned from a seven weeks' visit to Lexington, Louisville and Hieman to get ready for the opening of school.

Mrs. W. H. Shanks, of Stanford, is with her parents, Mr. and Mrs. T. E. Aldwin, while Mr. Shanks is at Martinsville, Ind.

A Great Remedy

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuyer, Mont.: "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends."

The Best Physic

When you want a pleasant physic try Chamberlain's Tablets. They are easy to take and mild and gentle in effect. They are highly praised by people who have become acquainted with their good qualities. They only cost a quarter.

BRADSHAW MILLS

Mrs. James Prewitt and Mrs. Carl Baker visited Miss Ida Sanders and Mrs. Ann Prewitt at Round Hill.

Mr. and Mrs. C. C. Prewitt and son and daughter are visiting Mr. and Mrs. E. G. Creech, near Danville.

Joe, the 12-year-old son of Mr. and Mrs. William Foby, was taken to Berea Thursday, where he underwent an operation for appendicitis. Reports from there are that he is doing nicely.

Mrs. S. M. Azbill, of Richmond, is visiting Mr. and Mrs. Floyd Snyder.

Mr. and Mrs. Curtis Mullins, of Hamilton, Ohio, are visiting Mr. and Mrs. Floyd Snyder and Mr. and Mrs. S. N. Sanders this week.

Mr. and Mrs. S. N. Sanders entertained Rev. O. J. Steger and Edward Lawson Monday night.

C. C. Prewitt sold his farm to Mrs. Long and son for \$7,000. All regret to see Mr. and Mrs. Prewitt leave our community.

Miss Mabel Prewitt is spending the week with her brother, Mr. Earl Prewitt, and Mrs. Prewitt.

Julian Ahead Now

Columbus, O., Aug. 13.—W. A. Julian, of Cincinnati, jumped into a substantial lead of 2,318 votes over Judge A. F. O'Neil, of Akron, in the race for the democratic nomination for United States Senator, when an error was discovered in the tabulated returns from all but 153 precincts of the state. The corrected vote was: Julian, 63,885; O'Neil, 61,567.

Installed
in a
DAY

—and
SAVES YOU
OVER 1/3
ON YOUR
FUEL BILLS

You can revolutionize the HEATING SYSTEM of your house in ONE DAY.

No mussing up of your living quarters, either! By installing a MOORE'S Pipeless Furnace in your basement and cutting ONE opening in the floor above it, your whole house is heated by JUST ONE FIRE. And you get better heat with less labor and over one-third less fuel.

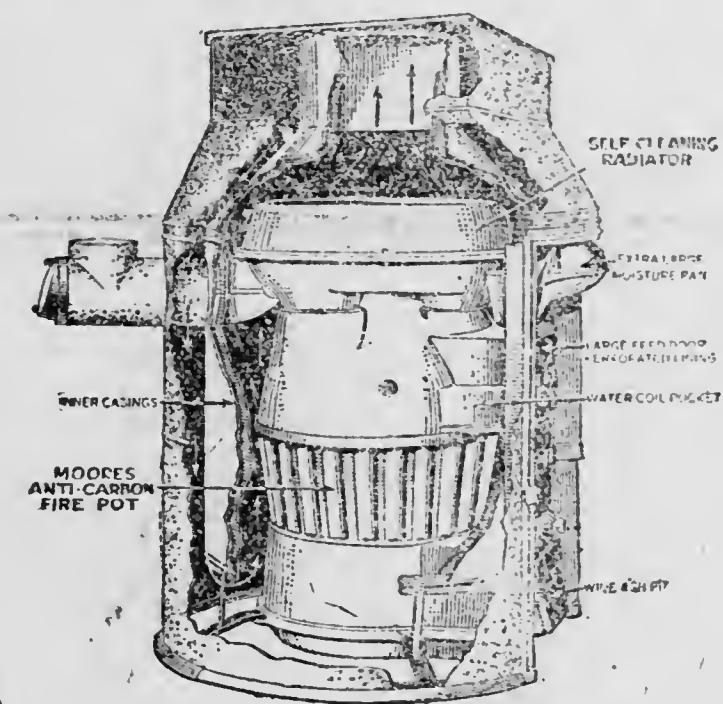

MOORE'S Pipeless Furnace is the most economical system of house heating it is possible to secure. The famous MOORE'S Anti-Carbon Fire-Pot (shown at the left) burns all the gas, smoke and soot, thereby, SAVING YOU 33 cents on every dollar's worth of fuel you use. It will burn slack coal just as well as the best grades of lump.

Moore's Pipeless Furnace

MOORE'S SELF-CLEANING RADIATOR automatically drops the dust back into the fire-pot, so that the heating surfaces are always clean and can, for this reason, deliver all of the heat in the fuel.

The LARGE MOISTURE PAN located in the most effective place keeps the indoor atmosphere properly moistened for the requirements of good health, which only a warm air system can do. It insures a healthful, warm atmosphere in every room of the house and even in the open halls.

MOORE'S Pipeless Furnace has ALL of the most approved features—many of which are exclusive with it. The GRATE is of the most approved design of revolving bars, operating in pairs by means of a detachable crank. It is very easy to operate and most efficient in cleaning the fire of all accumulated ashes. The ASH-PIT is wide and of large capacity, so that chocking of draft is almost impossible. In fact, the MOORE'S Pipeless Furnace is the Simplest System of Heating known.

Skin Eruptions Cause

Constant Torture

Disease Germs Must Be Eliminated From the Blood.

Eczema, tetter, boils, pimples, ulcers, irritations and scalp eruptions, as well as all other forms of skin diseases, come from a disordered condition of the blood. They must be cured through the blood, and this explains why local treatment fails so absolutely.

The radical and rational treat-

ment is to take a thorough course of S.S.S., which will rout out the disease germs from your blood, your complexion will begin to clear up and you will soon be rid of the disease as thousands of others have.

Get a bottle of S.S.S. today, write to our head physician, who will gladly give you full medical advice without charge. Address Medical Director, Swift Laboratory, Atlanta, Ga.

AN IMPORTANT FEATURE

of the strength and service rendered by this bank is our membership in the Federal Reserve System.

The system is nation-wide in extent and includes every National Bank in the country as well as a very large number of state institutions.

Its resources are close upon Six Billion Dollars and its influence is of the highest character in strengthening and developing banking service throughout the country.

We cordially invite your account and assure you efficient and courteous service at all times.

PARIS EDITOR WEDS AGAIN

Mr. and Mrs. G. W. Hartwell, of Amelia, Ohio, announce the marriage of their daughter, Miss Martha Hartwell, to William Bruce Miller, of Paris, Monday, August 9. The bride has been connected with John Shiloto company at Cincinnati as personal secretary to one of its officers. Mr. Miller for years has been owner and editor of the Paris Kentuckian-Citizen, the oldest newspaper in the state founded in Paris in 1797. After an extended wedding trip to the east Mr. Miller and his bride will be at home

to their friends in Paris. Friends in the newspaper fraternity will congratulate Mr. Miller cordially. He is a nephew of the late Bruce Champ, of Millersburg and Paris, and since the death of Col. John G. Craddock has been in complete charge of the Kentuckian-Citizen. He is one of the most capable and successful publishers in the state, an affable and agreeable gentleman, and in every way the very best of fellows. His bride is a charming girl of 23.—Cynthiana Democrat.

GETS WAYNESBURG POSTOFFICE

Washington, August 13.—The only candidate to pass the civil service examination for postmaster at Waynesburg, Ky., is Oliver B. Vanover, it was announced yesterday. The office is a third-class presidential one.

Henderson Gets Hun Gun

The Proof of Quality is Result

The way the General Tire's reputation has grown into a National demand amazes nobody. On the "inside" in Akron, where there are no secrets, the General is undeniably great.

One of the chief features of the General's success is the way its reputation spread outside of Akron—by mouth-to-mouth from user to user, resulting in National recognition which it has won on its superior Quality.

Results made known by users themselves are the General Tire's greatest advertisement—the proof of its Quality.

Try a General Cord Tire alongside of any other in the world.

THEY ALL READ IT

When he was advertising director of the Royal Baking Powder company Joseph W. Gannon said:

"It is probably true to say that no other advertising medium has such a hold on an individual as his favorite newspaper. The advertiser is sure of hearing just as often as he demands it, because the reading of a newspaper is a fixed habit of man's daily life.

"Perhaps the best argument I can

advance in favor of my conviction that newspaper advertising is most effective is what the company with which I am connected has achieved by many years of consistent use of newspaper space."

Mrs. Marie de Victoria, said to have been one of the Kaiser's spies in New York previous to and during the war, is dead at her home there.

There's No Waste In Your Table Beverage
when you use

Instant Postum

Aside from the pleasing coffee-like flavor of this wholesome, healthful table drink, its quick preparation makes it worthy of your notice.

Instant Postum can be made a cupful at a time if desired. Its strength can be varied from strong to mild according to the amount dissolved in each cup.

Economy should rule today and very likely will rule more strongly in the days to come.

TOBACCO RAISERS GATHER SATURDAY

Big Meeting Called For Court House At 10 O'clock For Discussion

There is expected to be a large attendance at the meeting of the burley tobacco growers in Richmond Saturday, when a special meeting has been called by Sam Amster, of Red House, for the purpose of discussing the situation and selecting delegates to the big meeting called for Lexington on the 18th.

The meeting here will be called to order at 10 o'clock at the court house and will be attended by all, it is expected, who are interested in the raising, protection and caring for tobacco generally. There was a meeting held in Lexington recently at which a number of important questions came up relative to the crop this and next year. These will be vital points at issue at the meeting Saturday, as well as the Lexington meeting.

The matter of raising tobacco next year has been extensively discussed here and elsewhere and this will be taken up at the local meeting after which delegates to the Lexington meeting will be selected. They will, according to reports, be instructed along the lines of decision reached at the Richmond meeting. The Madison county representation will be large since this county is one of the most important in the state when the tobacco subject is considered. The meeting will be held in the court room on the first floor. There will be a number of speakers who will voice their opinion regarding the question of cutting out the 1921 crop.

Circulars asking opinions on this question have been issued to the producers of this and other counties, and the attention of all have been called to the meeting hence a large attendance.

JUNIOR RED CROSS ACTIVE IN EUROPE

Garden seeds for Polish orphans, milk for anaemic Greek babies, carpenter's tools for Czechoslovakian cripples—these are only a few of the gifts that young Americans are sending to the war-crushed children of the Old World.

Through the Junior Red Cross the boys and girls of the United States are giving a fresh start in life to little war orphans scattered all over Europe. They have set up orphan's homes in France, school colonies in Belgium and Montenegro, and day schools in Albania.

They are sending dozens of young Syrians, Montenegrins, and Albanians to American colleges in Constantinople and Beirut, and maintaining more than a hundred orphans of French soldiers at colleges and trade schools. In orphanages and farm schools up and down the peninsula of Italy there are nearly 600 wards of American Juniors. Last winter a thousand French children from the inadequate shelters of the devastated regions were sent by the Junior Red Cross to spend the cold months in warmer parts of France. At the same time five thousand little Belgians were having a hot lunch every day at Junior Red Cross school canteens.

American school children have already raised something like a million dollars for these enterprises, and they are still hard at work.

In China, through campaigns of education, the Junior Red Cross is helping to combat widely prevalent blindness and cholera.

RED CROSS RELIEF IN CENTRAL EUROPE

But for timely assistance of the American Red Cross during the last year, a large proportion of the 20,000,000 population of the Balkan States might have starved or perished from disease or exposure. Six million dollars worth of food, clothing and medical supplies have been sent to the Balkans—Romania, Bulgaria, Albania, Montenegro, Serbia, Bosnia and Greece—since the beginning of Red Cross relief operations in Central Europe, while millions of dollars worth of food alone has been sent to the needy in these states.

The money expended by the Red Cross in this stricken portion of Europe has been used to set up hospitals, orphanages, dispensaries, mobile medical units and to help in the general reconstruction of devastated areas. American tractors and other farming implements have been sent to the agricultural regions where aid has been given in plowing the land.

By the last of this year probably all American Red Cross agencies administering relief in Central Europe will have withdrawn. By that time, it is believed, the people will have approached a normal state of living and will be able through their own agencies which the Red Cross has helped set up to provide for themselves.

Wm. Evans, Springfield, Ill., ran away with C. P. Potts' wife. The husband found his wife and Evans together and gave the man some figures, telling him to be good to her.

POLES WANT U. S. HELP

Polish Minister Lubomirsky is seeking privilege of replenishing the depleted supplies for his country in America, as well as the recruiting of men, the Polish residents of the United States, together with many of the veterans of the late war, whom he alleges, are anxious to go to the front in defense of Poland. The matter has been referred to Secretary Colby, of the State Department, and several conferences have resulted. In case the measure results in the Polish government receiving aid along the line sought, it will, according to reports, form a world war precedent.

IS A MERRY WIDOW

"Soon after my husband's death 9 years ago, I was taken with typhoid fever. Since then have suffered from stomach and liver trouble and constipation. I have doctored a great deal without benefit. Since taking Mayr's Wonderful Remedy three months ago my bowels have moved regularly and I am feeling fine again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. L. Perry & Son, and druggists everywhere. 1t

SEEK QUARTERS FOR DISABLED MEN

Reports from the government have been received by representatives of the Red Cross and universities of Richmond and other parts of the state to the effect that there is being an extensive response made by the ex-service men regarding the free school privileges, and thousands of veterans are preparing to take advantage of it.

It is estimated that in Richmond, if accommodations can be secured, 100 men at least will be enrolled at the Eastern Normal. This is one of the reports to be made by Representative Jackson, who spent some time here investigating the situation. Officials of the institution report they would be able to take care of this number of men if they could find sleeping quarters. The assistance of Home Red Cross Secretary Stone Norman has been solicited, and the latter is making a canvass with the view to getting a report in to Washington headquarters as soon as possible. The number of men coming to Richmond will depend upon the number for which accommodations can be secured. The work is proving more extensive than the government anticipated some time ago and special agents are now in the field seeking aid for the men in various ways, in having accommodations located. A shortage of accommodations in Richmond in the way of oroms is a recognized fact. However, the effort is being made to accommodate as many as possible. The men are all on the pension or special compensation list and independent financially.

Bey Drank Coal Oil

Paducah, Ky., Aug. 13.—As result of drinking kerosene, the 1-year-old child of E. E. Olds, of Mayfield, died shortly afterward at the home of its parents. The child found a soda pop bottle which contained the oil, and thinking it was soda pop, drank it.

A Woman Doctor

says "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but if ailing girls passing from girlhood to womanhood would only rely as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives. 1t

SECOND ST

SAYS RAIN HURTS WEED

Lexington, Ky., August 13.—Dr. W. B. Valleau, tobacco expert at the Kentucky experiment station here, stated that recent heavy rains which have fallen throughout the burley district of Kentucky have accentuated damage to the burley tobacco crop to the extent that spots on leaves are enlarging and spreading. While rains have speeded up the growth of the stalk, he says they have increased injury to the leaves, which after all determines the value of the crop. He expresses the fear, therefore, that the heavy rains coming at this time when

the weed is suffering from rust and rot, will have a tendency to further increase the damage to the crop and cause additional loss to the growers.

An Old Fault Finder

An irritable and fault-finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

AUCTION SALE

OF

Fine Blue Grass Farm
Near Danville, Ky.

We will sell at Public Auction on the premises on

Thursday, August 19

AT 10:00 O'CLOCK SHARP

The splendid farm of L. H. Brown, located three miles from Danville, on the Lebanon pike. This farm contains 246 acres and is known as the Bean place. 150 acres in grass. This farm has been sub-divided and will be sold in two tracts.

TRACT NO. 1—Contains 156.76 acres. On this tract is located a very handsome modern brick residence, seven rooms, back room and four halls, fine basement, running water in house. Twelve acre tobacco barn, one of the best stock farms in the county, running water in barns and lots, good orchard and all necessary outbuildings. On this tract is a fine pair of stock scales;

TRACT NO. 2—Contains 89.05 acres. On this tract is a nice six-room cottage, stock barn and other necessary outbuildings and plenty of fruit.

General Description

This entire farm is beautifully located; just the right distance from town for a dairy, truck garden and also convenient to the best schools and churches in the country. The farm is in one of the best neighborhoods in Boyle county, and is close to a district school. This land adjoins the famous Lynwood farms of M. T. Minor, and is fertile and will grow anything that land in Central Kentucky will produce. The place is well watered, with two wells of unlimited capacity—either one would water a thousand cattle. They are equipped with wind mills and engine.

The residence on Tract No. 1 is one of the handsomest and best built in Boyle county, and is an ideal country home. We take pleasure in referring you to Mr. H. A. Hudson, who at one time owned this place; also Mr. James Bean, of Danville. Parties in search of a home will do well to look this place over, before day of sale. Prospective buyers will be shown over the place by Mr. Brown at any time, or phone 529. At the same time we will sell the personality of Mr. Brown, consisting of hogs, cattle, horses and mules, farming implements and some household goods.

TERMS LIBERAL AND MADE KNOWN DAY OF SALE.

Danville, Kentucky

Gillette

Buy one Gillette Tire—two—three or a set.

You will get maximum mileage at minimum cost from every one of them.

—buy a thousand Gillette Tires—or a thousand sets. You will get the same thing. Most in mileage for your money.

You don't have to trust to luck. It's never a case of a good tire or two—then, a bad one. Every Gillette is the best a tire can be made. There is but one standard of quality—the finest. There is but one length of service—the longest.

That's what brought world fame to Gillette Tires before they had been on the market twelve months.

Customers were soon numbered by hundreds of thousands. They obtained better service and more of it than ever before. They come back. Rebought. Obtained the same kind of service. The result was—the second year sale of Gillette Tires was greater than the second year sale of any other tire ever produced.

The most phenomenal sales record ever made—due absolutely to the greatest mileage for the greatest number of users.

That is the strongest guarantee ever "written" for tire quality. It assures as nothing else can—that in every Gillette Tire you ever buy you will secure satisfactory mileage. There's "even" excellence—uniformity of quality—and mileage that can be had only through the exclusive Gillette Chilled Rubber Process—an advanced method of manufacture that toughens rubber as iron is toughened when changed to steel. There's unparalleled road resistance—absolute dependability—little or no tread or fabric separation. No deterioration due to weather conditions—nothing but wear quality. Always your money's worth in mileage. Try them out. Put a couple on your car now. See how much longer they wear—better they serve. And how much you save in cost per mile. All sizes. Cord—fabric and non-skid. Gillette Rubber Co., Eau Claire, Wis.

TIRES

"United We Stand, Divided We Fall"

If the growers who assembled at Lexington represent the attitude of those who remained at home a serious condition is likely to project itself into the burley counties next year. A cut-out, of course, cannot succeed unless it is general. If the large majority favors a cut-out, public sentiment will probably make it effective. If any large number of growers oppose it, even a considerable minority, it must fail and any attempt to enforce it result in trouble, however well meaning its backers.

While the prices for farm products are relatively high one must remember that prices of practically everything the farmers have to buy have just simply gone "clean out of sight." We agree thoroughly with the statement of one speaker that manipulation has been practiced by manufacturers until "the law of supply and demand has no more to do with the price of tobacco than the tune of Yankee Doodle." It also is true that the prices paid many growers toward the end of the sales season did not equal the cost of production and the reports of fabulous prices induced growers to take the market prices that would not bring over a cent a pound, much of it selling, even on the so-called high Lexington market, at half a cent a pound. Of course it would have been more profitable to put that tobacco into the ground as fertilizer than to have hauled it to town and sold it at a price that would not pay for the stripping.

Growers should not blame the newspapers for reporting the higher crops of tobacco rather than the low ones. It is the unusual thing, you know, that makes news. The fact that John Smith's tobacco from Carroll county sold at an average of 11 cents a pound was nothing remarkable, but the fact that Henry Bosworth, of Fayette county, averaged 90 a pound was big news and was so featured. We take these figures, of course, as an illustration, and not as actual crops, but it is true that some Carroll crops averaged 11 cents and equally true that on a farm like Henry Bosworth's in Fayette 90-cent tobacco would not have been impossible last year.

Whatever is done by the farmers must be done unitedly if it is to be effective. Even if at the Lexington meeting August 14 it is decided not to cut out the 1921 crop, let them form a pool of the 1920 crop and if conditions are not favorable at the opening of the market this fall hold their crops until they are favorable. Cotton growers of the south never accomplished much until they used that plan. Burley growers ten years ago used the same method effectively on the trust until it was not only willing to deal with the united growers, but pay liberally for the privilege of doing so. The conditions the farmers is one to give emphasis to the motto on the Great Seal of the State of Kentucky: "United We Stand, Divided We Fall." It was union that got the big prices for tobacco when the Burley Society broke the buyers' combine. It will be union that gets them a profitable price this year and in 1921, if they raise a crop next year.

The Tobacco Proposition

Tobacco growers of the burley district are going to meet very soon to talk about another pool or a cut-out of the 1921 crop. Before their meet it might be well if they would carefully consider some sage remarks on the subject in a recent editorial in the Stanford Journal. Here they are:

Simple Ceremonies

"UNCLE BEN" AT 77 NOW TELLS SECRET

Couldn't Eat A Square Meal For Seven Years—Spent a Fortune On Health

"I wouldn't be without Tanlac if it cost five dollars a bottle," said B. H. Anderson, of 235 Ludlow street, Cincinnati, O.

Mr. Anderson or "Uncle Ben," as he is called by many friends, although now 77 years of age, does not look to be past 60 and says since taking Tanlac he feels as well as he did at the age of sixteen. He was a resident of Batavia, Clearmount county, Ohio, for 72 years, and was a blacksmith at Summer Side, Ohio, for 35 years and is highly esteemed by all who know him.

"For the past eleven years," said "Uncle Ben," "I had been suffering terribly with my stomach. I was under treatment a number of times and spent a small fortune trying to get well. I suffered from what was called acute indigestion, and for seven years I wasn't able to eat a square meal, lived mostly on milk and toast and if I ventured to eat something a little heavy I simply suffered agony with pains in my stomach and chest. Even the lightest food made me sick. I was also badly constipated and had sick headaches. I had to give up my work, and it was all I could do to get around, just couldn't walk any distance without getting dizzy and would have to sit down to keep from falling. Why, people thought I was going to die for I just suffered day and night and couldn't even get out of the house."

"I started taking Tanlac five years ago and in a few days got so I could eat just anything. It simply made me feel fifty years younger and today I feel as well as I did when a boy. Since I began taking Tanlac I have actually gained forty pounds in weight and am heavier than I ever was in my life. I would not be without Tanlac if it cost five dollars a bottle and I just can't say too much for it."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores. It

NEW FEATURES IN CHARLES PONZI CASE

(By Associated Press) Boston, Mass., Aug. 13—Another arrest is expected within 24 hours as the result of further investigation of the spectacular financing which began when Chas. Ponzi's securities exchange company fell under suspicion. Ponzi remained at home today, denying himself to interviewers.

A score of persons, supposed to be government agents and policemen, are apparently watching his home.

Attorney General Allen today expressed the belief it would be possible to compel persons who cashed their Ponzi notes with interest previous to the crash, to return the money for pro rata distribution among all creditors.

Ponzi's dreamcastle of finance attracted 40,000 investors who, it is estimated contributed from fifteen to twenty million dollars.

MISS PARRISH HELPS SUFFRAGE FIGHT

Miss Margaret B. Parrish, stenographer of the circuit court of this district, has been spending a part of her vacation at Dawson Springs, Ky. She has gone to Nashville, Tenn., to spend some time there aiding in securing the ratification of the 19th amendment to the federal constitution, giving women equal suffrage.

She reports that the General Assembly of Tennessee in both Houses, will ratify the amendment.

From Nashville, Miss Parrish will go to Tate Springs, near Knoxville, where she will remain for some time.

A Traveling Man's Experience

You may learn something from the following by W. H. Ireland, a traveling salesman, of Louisville, Ky.: "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter 50 cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man." aug

LATE NEWS NOTES

This is the second Friday the 13th, but it will be the last for this year.

Denver street car men vote to remain on strike and refuse to return to work, street cars, some of them, being operated in certain parts of the city by strike breakers.

Mars is said to be flirting with this earth again, since the white spot has disappeared, and this is supposed to be winter there. Perhaps the girls have taken off their white dresses.

J. D. Searles went to Middletown, O., from his home in Georgetown, registered under an assumed name. Later his body was found in a clump of bushes two miles from town.

Tray Les, Steubenville, Ohio, got mad at the attorney for the "opposite side" for allegations made, and fired five shots, seriously wounding the lawyer while in the court room.

Mrs. John Wagner, Springfield, O., was killed as a result of jumping from an automobile when the steering gear broke.

Ohio wheat crop is reported as averaging but one-half. The Kentucky yield will come nearly averaging normal, according to the latest reports.

Two Cincinnati truck men killed as result of truck getting beyond control on a grade almost in the heart of the city.

Near Hopkinsville lightning struck a chimney at the home of Mr. and Mrs. Richard Boyd, burned some of the furniture, discharged a rifle and the bullet barely missed Mrs. Boyd.

Reported the sugar beet crop of Colorado will net \$13,000,000.

William Cook, American sergeant, who was taken prisoner some time ago by the Reds, in the fight against the Poles, has been released.

Federal officers captured a 50-gallon copper still at Hibernia, near Campbellsville. No arrests were made as the officers were unable to locate any of the moonshiners.

It is hinted that Marshal Foch will be the next French president.

The First State Bank at Manchester, Clay county, has opened for business.

In Covington a man was arrested and fined \$2 for riding in an automobile attired in a bathing suit.

An electrical storm at Cynthiana killed 25 head of sheep on the LeBus farm.

Grover Bergdoll, escaped slacker, is said to have been seen near New York.

Munitions plant in Italy exploded, killing 32 men.

BUCKEYE

Miss Alice Jones is with Miss Ruth Ray teaching music.

Mr. and Mrs. Tom Pieratt were in Lexington Friday.

Mr. Ollie Bogie bought a pair of mules from Mr. Isbell for \$420.

Mrs. Permelia Bogie is in Lexington with friends for a few weeks.

Mr. Doty, of Richmond, spent Saturday night and Sunday with his daughter, Mrs. Tom Pieratt.

Mr. Bob Noel and niece, Misses Myrtle and Christine Davis, were the guests of Mr. and Mrs. Jasper Noel in Madison county Sunday.

Mr. and Mrs. Walker Bradshaw and family spent Sunday in Crab Orchard with Mr. and Mrs. T. O. Hill, who have been there several weeks.

GO TO THE RESCUE

Don't Wait 'Till It's Too Late—Follow the Example of a Richmond Citizen

Rescue the aching back. If it keeps on aching, trouble may come.

Often it indicates kidney weakness.

If you neglect the kidney's warnings, Look out for urinary disorders.

This Richmond citizen will show you how to go to the rescue.

Mrs. Wm. Royce, 329 Big Hill avenue, Richmond, says: "I was bothered with kidney trouble and my back ached and pained me. I could hardly do my housework. I had severe dizzy headaches. My kidneys were weak and my ankles and feet were swollen. I used Doan's Kidney Pills from the Madison Drug Store and they rid me of the trouble. The backache left me and my kidneys acted regularly."

Price 60c at all dealers. Don't simply ask for a kidney remedy—but get Doan's Kidney Pills, the same that Mrs. Royce had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. aug 6 13 20

"Knockabout" School Suits for Boys

The "plans and specifications" upon which we build these clothes call for sturdiness, stoutness, toughness and durability, and we see that they measure up 100% to our demands.

We expect to be able to offer these goods during the entire season—but we feel that our advice to you to buy now will afford you better service in our busheling department—than during the school rush—besides the selections are now very good.

The Prices Are Only
\$10 \$12.50 \$15

In placing the above prices on these good, serviceable suits for boys, of course you understand they cannot possibly be reduced toward midseason. The prices are cut to the bone in the first place—that's the Crutcher & Starks' policy of Standardized Values.

LANCASTER, KENTUCKY

D. A. R. TO MEET IN LOUISVILLE OCT. 27-28

At a meeting of the executive board held at the Phoenix hotel at Lexington Thursday it was decided that the 1921 conference of the Kentucky D. A. R. will be held October 27 and 28 at The Seelback in Louisville.

The board indorsed the work which has been done by Mrs. C. D. Chenault of Lexington, in investigating the possibility and expediency of establishing a D. A. R. school in the mountains of Eastern Kentucky. Mrs. James L. Arnold, of Newport, State regent, who presided at the session, designated the state committee on patriotic education, of which Miss Rebecca Averill, of Frankfort, is chairman, to work with Mrs. Chenault. Mrs. Chenault said that many pledges of substantial contributors and funds for the establishment of chairs in the proposed school had been made by prominent members of the D. A. R. and others.

Mrs. Arnold requested that more attention be given to the D. A. R. fund for the building of a modern waterworks system in Tillicoy, the French village in which the Daughters are interested. There is now \$49,000 in the fund and \$51,000 is desired. The Daughters have given approximately \$91,000 for the purchase of Liberty bonds, it was reported.

Mrs. Arnold named as a committee on arrangements for the state conference Mrs. Chenault, chairman; Mrs. Charles McGuire and Mrs. J. W. Camp, regents of the two Louisville chapters and member of the executive board.

SUPPOSED ROYAL GEMS ARE SEIZED

Washington, Aug. 13 — More than 100 diamonds, supposed to be part of the famous jewels of the Russian royal family, and addressed to "Comrade Martens," have been intercepted by customs officials while en route from Soviet Russia to the United States, according to evidence introduced at the deportation proceedings against Ludwig Martens, self-styled "Soviet Ambassador to the United States."

Testimony also indicated the establishment of a regular courier service between Bolshevik agents in Sweden and a Soviet representative in New York.

The diamonds, 131 in all, were seized July 22 at the port of New York from a Swedish sailor. The government theory is the gems were to be sold and the proceeds used in furthering Bolshevik propaganda in the United States.

FEDERAL SUFFRAGE IN NORTH CAROLINA

(By Associated Press) Raleigh, N. C., Aug. 13—Ratification of the federal suffrage amendment as proposed in the resolution as introduced in the North Carolina house today by Republican Leader Cabarrus, immediately after reading the message of Governor Bickett, urging favorable action by the General Assembly. In the Senate, the initial battle was won when the committee reported 7 to 1 on the resolution urging ratification.

No-To-Bac is made by the owners of Cigarettes; therefore is thoroughly reliable.

JOINT WAGE SCALE COMMITTEE MEETS

(By Associated Press)

Cleveland, O., Aug. 13—The joint scale committee of union miners and coal operators gathered here today at President Wilson's request, to consider wage changes for day or month labor in the bituminous field. At the initial meeting of the miners, President Lewis indicated a wage increase should approximate two dollars a day. It is asserted that \$6 a day is not enough in view of half-time work.

PROFIT AND LOSS

Two women, according to exchange, were discussing their marital troubles when one asked: "By the way, what is your husband doing now?"

"Oh," said the other, "he's settin' 'round tellin' what is going to happen next election."

"Then he's a prophet?"

"No, he ain't. So far as the family is concerned, he's a dead loss."

WAR TEST OF PRODUCTS

The great war acted as a supreme test for all kinds of materials made in America and the result shown is a tremendous recommendation for American made products.

American manufacturers of all kinds of materials and mechanical equipment supplied vast quantities of their products to the government. It there are over 150,000 of these plants was sent overseas, where it was subjected to the most strenuous kind of service, service far more severe than that which would normally be encountered by the same products in ordinary peace time use.

One of the products so used which holds a particular interest for the farmer and his family is the small electrical plant. Despite the fact that there are over 150,000 of these plants in service in America there were still some farmers who felt that they were in an experimental stage and that the plants which were being produced might not be dependable. The record of electric plant service in the war has swept away this doubt entirely. One manufacturer alone supplied over 4,000 plants to the government. These little electric generating sets were used in all kinds of work—for the operation of X-ray machine, wireless apparatus, to light field hospitals, to operate trench telephone and signal sets and for a wide variety of other electrical uses. Under practical war conditions it was impossible to give them the care which machinery should have in order to secure satisfactory operation and yet these little plants were always on the job, relieving service some times for 24 hours a day.

Surely if they can survive the strenuous service that war activities demand they are capable of giving the farmer and his family plenty of light and power for his home.

LADY ASTOR, PHILOSOPHER

The latest revelation of the philosophy of Lady Astor, American woman M. P., made in a speech, is as follows:

"I am amazed at the way we try to convert the heathen and are not converted ourselves.

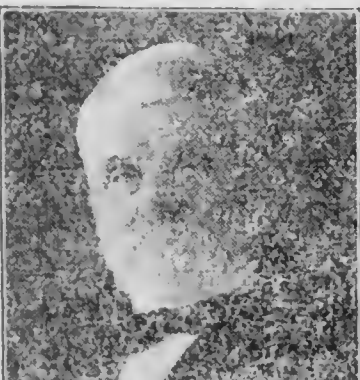

"Some of the most unloving people I have ever met are people who call themselves Christians.

"When I look around the world I see appalling snobbishness, and I wonder whether we realize that Christ was a carpenter."

Hot Days Trying On Elderly Folks

Sluggish, languid, constipated feeling is quickly removed by Dr. Caldwell's Syrup Pepsin

DR. W. E. CALDWELL
In his 82nd year

THOSE who are past the prime of life know the discomforts of hot weather. Exercise is tiring, and constant sitting around soon brings constipation. It is especially dangerous for elderly people to allow constipation to continue for it creates poisons in the system that may bring on a serious illness.

If you pass a single day without full and free elimination, do so many thousands of elderly folks do, and at once take a teaspoonful of Dr. Caldwell's Syrup Pepsin, and you will find prompt relief. It is only by doing this that you can be sure of feeling well. You must not trust constipation to correct itself.

Dr. Caldwell's Syrup Pepsin is particularly suited to elderly people as it is a combination of simple, laxative herbs with pepsin that sets gently and without griping. Unlike so many medicines, it can be used exclusively without loss.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. E. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought during last year, the largest sale in the world.
